OK, do you have an address for the Tribal Natural Resources Dept building and maybe a contact?

Thank you,

Dave,

The old lock and stuck key are located at the Tribal Natural Resource Department. You can pick up the lock and drop off keys here.

FYI – unless I hear otherwise, I plan on stopping at Tower on my way north later today. I don't know for sure when I will be coming through, but likely between 4 and 6. Intent is to replace the compression cap and lock on MW16 and leave a key behind. If we don't meet up I will e-mail you location of the stashed key.

Thank you,
